**Ask your PA House Member to vote YES
on SB 874 with no amendments!**

You can use the bullet points listed below to explain why they should support SB 874.

If passed, Senate Bill 874 (dealing with cemetery sales) will:

- (1) Protect consumers by ensuring their trust money stays in trust until the time of death (prohibits the practice of “constructive delivery”).
- (2) Protect consumers by requiring price disclosures for pre-need merchandise and services.
- (3) Protect consumers by requiring funds be put in trust each month instead of after “final payment.”
